## ONLY GRAVE DIGGERS MOVE AMID RUINS OF ONCE POPULOUS CITY

**New Storm Toll Gives 1,700 Dead in Cuba—Belated Reports Show Sixty Killed on Cayman Islands—Ships Driven Ashore on Long Island in Bahamas and Heavy Property Damage**

CAMAGUEY, Cuba, Nov. 11 (AP).—Fresh reports from Santa Cruz del Sur said deaths from exposure and infection in various hospitals tonight raised the estimated casualties of the hurricane which struck Southern Cuba early Wednesday, to more than 1,700. Four persons died in the General Hospital here tonight, and reports of similar deaths came from other towns where refugees have been taken.

Back in Santa Cruz, grave diggers worked to dispose of at least 1,000 bodies, victims of the destroying wind which swept the little city built on a point jutting into the sea, and of the twenty-foot wall of water which that wind piled up and rushed inland. Meanwhile, medical supplies and clothing were brought here by train, airplane and steamer.

**TOWN DEVASTATED**  
Secretary of Public Works Onetti said, after a plane trip to Santa Cruz, that not a single house was standing. He was sure the death toll would mount above 1,000, and he placed the total injured at 700. "I have never seen such a tragedy in all my life," the secretary said. "Damages are incalculable, since the entire city, which had 3,500 inhabitants, was wiped out." Official advice before the hurricane was meagre, according to Lieut. Carrillo, military supervisor of Santa Cruz, who did his utmost to clear the place of people before the wall of water struck it.

**SAVED MANY LIVES**  
Wednesday night, the lieutenant said, a fisherman came to him and declared: "Lieutenant, you may shoot me if I lie, but look at that sea. When the wind changes it is going to sweep in and flood Santa Cruz." Carrillo immediately began clearing out residents of the city, threatening some of the laggards with his pistol. He probably saved the lives

## TRIED HIS SKIN AS FISH BAIT

**Skipper Who Rescued Transatlantic Flyer Tells of His Hardships**

MONTREAL, Nov. 11 (CP).—Bills of skin, cut from his hands, proved sufficient lure for fish, it was claimed by Stanislaus Hausner, United States transatlantic flyer, who was forced down at sea and given up for lost last June.

All that Hausner caught by that means was a number of salt water bolts. It was related here tonight by Captain James W. Wilson, commander of the British mail liner, Circe, which picked up Hausner from the wreckage of his airplane when the aviator was on the verge of utter collapse from exhaustion.

The flyer drifted on his airplane for eight days, most of that time without food.

Hausner, the captain went on, had tried to grab fish with his bare hands out of the ocean, but this attempt was also futile. Attracted by the movement of the aviator's hands, the fish approached him, but he could not grasp one.

The Circe, which picked up Hausner some 600 miles off the coast of Portugal and landed him in Miami, Florida, eleven days later, is in Montreal to unload oil.

## "Racket" Charged By Dry Cleaners

MONTREAL, Nov. 11 (CP).—A "racket" in the dry cleaning business is charged by a group of Montreal dry cleaners and tailors, who met tonight to discuss the matter.

The movement, headed by "two young fellows, one from New York and the other from Chicago," aims at the introduction of a set of chain stores in the dry cleaning business, organized to cut rates and enlisting all establishments through a process of threats and force.

**Twenty-Five Fishermen In Risk of Expatriation**  
Deserters From Trawlers, Now Locked Up in Immigration Sheds at Halifax, May Be Deported but Not Wanted at Home

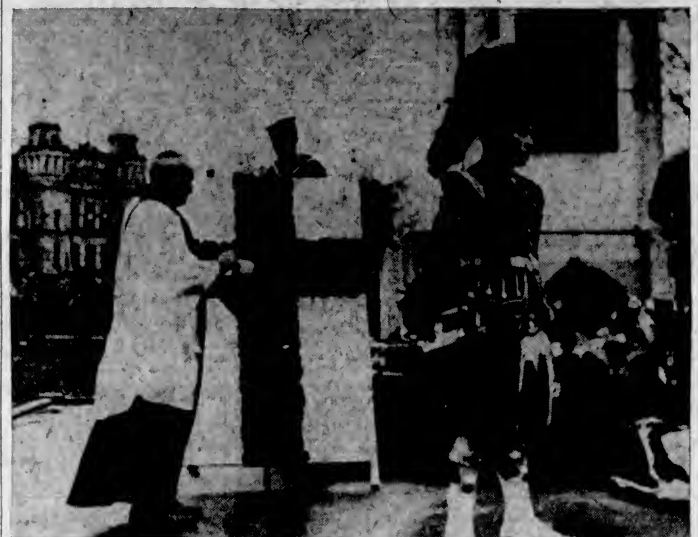

HALIFAX, Nov. 11 (CP).—Twenty-five Spanish fishermen who deserted the trawler Euzkaterita at St. Pierre may become "men without a country" next week.

Deported from the French island possession, they were brought to Halifax on the steamer Magnild and locked up in the immigration detention quarters. They were to be sent to Spain to face charges of mutiny, but nobody guaranteed payment of the \$1,000 necessary for their transportation.

Now the immigration authorities are talking about forcing the steamship company that brought them in to take them out again, and the French authorities at St. Pierre have intimated the men will not be allowed to return to that island.

The case is further involved by a reported edict of the Spanish Government prohibiting anyone in Spain from sending money abroad. The men declared they refused to work on the trawler because they were overworked and underfed.

## Citizens' Pay Tribute to Fallen Heroes

THIS huge "Community Cross" was placed at the Cenotaph here yesterday as a tribute from the citizens of Victoria to the memory of the men who gave their lives during the Great War. The cross is made from hundreds of individual poppies purchased by Victoria people during the poppy campaign last week and pinned by them onto the frame to form the cross. Major William Barton, V.D., chaplain of the 5th B.C. Coast Brigade, Canadian Artillery, is here shown examining the cross after it had been placed in position.

## House Likely to Reassemble About End of January

OTTAWA, Nov. 11 (CP).—Premier R. B. Bennett has given notice that Parliament will reassemble January 20, after the adjournment to be made in a week or ten days.

The January date is considered more or less tentative, depending upon the World Economic Conference to be held in London. The Prime Minister expects to represent Canada and Parliament might not reassemble until it is well under way.

## SAFE AFTER BRAVE WORK

**All Passengers and Crew of Wrecked Southern Cross Accounted For**

SUVA, Fiji Islands, Nov. 12 (Saturday).—(CP).—News reached here today that all passengers and members of the crew of the stricken mission ship Southern Cross were safe on the island of Ametium in the New Hebrides.

Captain A. M. Stanton, Chief Engineer J. W. Scott and Chief Officer Newton, at first thought missing with one missionary whose name could not be learned, were later reported safe after a heroic struggle to help their passengers ashore.

When the Southern Cross struck a reef during a squall off Ametium, the vessel was smashed to matchwood. Efforts of the officers and crew to get a second boat overside failed, but one of the officers leaped into the water and swam 150 yards to shore.

He handed after a half-hour battle with the waves and made the line fast.

Some of the crew, unable to swim, had to be helped through the boiling surf which swept upon the beach.

**DIFFICULT RESCUE**  
As one of the passengers was making for land hand-over-hand the lifeline parted and he was spilled into the water. Without a moment's hesitation Captain Stanton, clad in pyjamas and a bathrobe, dived after him, peeling off the bathrobe as he swam.

The passenger clutched him and the two wrestled in the water until the captain broke free and landed the man a hard one on the chin that knocked him senseless.

He then dragged him ashore where other officers went to work and shook two gallons of water out of him.

The captain and his officers spent three hours in the water before they had everyone ashore.

## FIGHT WAY FROM SPOKANE ASYLUM

SPOKANE, Wash., Nov. 11 (AP).—Three inmates of the insane ward at the Medical Lake State Hospital, who attacked four guards and escaped were still being sought by a dozen squads tonight.

The men overpowered a trusty, obtained razors, and then fought their way to freedom last night. The trusty was knocked unconscious and an attendant was slugged with a salt cellar in a scuffle. The other attendants were not hurt.

The flyers plan to fly south, they would equal the record near Zeppelin, Britain, Southwest Africa, if they get that far. Success would give England three major heavier-than-air records, speed, altitude and distance.

**ADVERSE WINDS DELAY TAKE-OFF**  
British Airmen Waiting for Chance to Start Distance Flight

CRANWELL, England, Nov. 11 (CP).—Continued bad weather has delayed the proposed hop-off of two Royal Air Force pilots for two days.

The flyers, Squadron Leader R. G. Gifford and Lieut. D. L. Bett, are awaiting favorable weather conditions, which necessitate a strong westerly wind to assist the heavily laden plane in its take-off.

The monoplane is the same one the pair used in their nonstop flight from England to Egypt in 1931, and is carrying 1,000 gallons of gasoline.

Many persons were injured and removed to hospitals. Several were arrested.

Members of the crowd threw stones at shop windows displaying Armistice Day poppies and smashed poppies from the laps of pedestrians. Police said numerous young men were equipped with brass knuckles and other weapons.

The situation became so ugly that all available police reserves were called out. As the night advanced the police became more and more frequent, and near midnight

## Thousands Gather To Honor Memory Of Glorious Dead

**Inspiring and Impressive Service at Cenotaph on Remembrance Day Here—Naval and Military Units Attend—High Officials Place Wreaths at Memorial—Governor Takes Salute**

TO keep afresh the memory of the nation's soldier dead who gave their lives on shell-torn battlefields of many foreign lands and whose gallant deeds welded far-flung units of the Empire into one great brotherhood of love and loyalty, Victoria yesterday paid tribute to her own heroic sons.

Nearly 5,000 citizens stood with bowed heads bared in reverence to the countless thousands who by their sacrifice have earned the highest honor of an ever grateful Commonwealth. Signaled by the mournful notes of the "Last Post," the city ceased from its labors, flags were lowered, and for two minutes of respectful silence the living paid homage to the dead.

**INSPIRING SCENE**  
The scene at the Cenotaph in Parliament Square was an inspiring one. Gathered around the Soldier's Shrine were representatives of church and state, navy, army and air force, groups of standard-bearers, cadets, scouts and guides. At the base of the memorial were four sentries drawn from the army, navy, air force and allied services. Occasional military units stationed at the Cenotaph in Whitehall.

Queen Mary took no part in the service, but watched from an over-looked window.

**THE KING'S GUARDS**  
A brigade of red-coated Guards, in their huge bearskin hats, were drawn up in precision around the Cenotaph, forming a hollow square.

Within were the King and the Duke of York, representatives of the army, navy and various military organizations, a military band and a vested choir.

The prayer and religious service were conducted by the Bishop of London.

Back of the Guards, ordinary citizens packed Whitehall in a solid mass from building face to building face, back to Trafalgar Square and its memories of another military age, and on the other side to Westminster Abbey.

The people began arriving early this morning and long before the service started, at 10:30 o'clock, had filled the street.

As always, the most dramatic moment of the ceremonies came at 11 o'clock, for two long hushed moments the packed thousands stood so still that the cries of birds and the muffled rumblings of trains in the subway could be heard.

## Prince to Investigate Conditions

LONDON, Nov. 11 (CP).—The Prince of Wales is to make a two-day tour of Lancashire, November 23 and 24, to see what is being done to help the unemployed.

Among the places to be visited are Liverpool, Bolton, Wigan, St. Helens, Warrington and Widnes. The Prince's tour is undertaken in connection with his patronage of the National Council of Social Service, for which he made an appeal at the Albert Hall for voluntary service to help the unemployed.

Service centres and other organizations to help workless men and women have been established in all these Lancashire towns which the Prince will visit.

**Killed by Poison Gas**  
SEATTLE, Nov. 11 (AP).—Mangel Miyawaka, sixty-two, proprietor of a Japanese hotel, was fatally gassed today, the coroner's office said, by the fumes of a preparation he had placed in a room to rid it of bed bugs. He returned to the room too soon, the investigators added.

**Dublin Swarms With Police and Injured Crowd Its Hospitals**  
Fighting Follows Break-Up of Parade of Republican Army Demonstrators—All Available Reserves Called Out to Handle Ugly Situation

DUBLIN, Nov. 11 (AP).—Fighting occurred in the streets of Dublin tonight when the police broke up a parade of several thousand young men of the Irish Republican army. After the demonstrators had marched around St. Stephen's Green and Merrior Square they attempted to pass Trinity College. A large force of police blocked their way. Finally the police drew their batons and charged again and again to break up the demonstration.

Many persons were injured and removed to hospitals. Several were arrested.

Members of the crowd threw stones at shop windows displaying Armistice Day poppies and smashed poppies from the laps of pedestrians. Police said numerous young men were equipped with brass knuckles and other weapons.

The situation became so ugly that all available police reserves were called out. As the night advanced the police became more and more frequent, and near midnight

## FRANCE OPENS NEGOTIATIONS WITH U.S. ON DEBT PAYMENT

**Gasoline Pump Crash Fatal to Man in Office**

FARIBAULT, Minn., Nov. 11 (AP).—One man was burned to death and three others suffered serious burns today when an automobile crashed into a gasoline pump and pushed it through the wall of a garage and into the office where the men sat. Flaming gasoline sprayed over the men when the pump smashed against stove. Bernie C. Hall, Faribault truck driver, was killed.

## FOLLOWS SUN ROUND GLOBE

**Armistice Day Observance Kept in Every Part of Empire**

LONDON, Nov. 11 (CP).—Led by His Majesty and the Prince of Wales, the Empire today, solemnly observed the anniversary of the signing of the Armistice.

The people of the Empire observed the two minutes' silence which has become tradition. It commenced "down under" and followed the path of the sun as it swept around the entire globe. New Zealand halted activities on the hour, twenty-one hours before the silence reached to British Columbia's farthest West.

For the first time since his illness in 1928, the King attended the service at the Empire capital, laying a wreath of poppies on the base of the Cenotaph in Whitehall.

Queen Mary took no part in the service, but watched from an over-looked window.

## PROMINENT NAZI SENT TO PRISON

SCHWELDNITZ, Germany, Nov. 11 (AP).—Edmund Heines, Nazi member of the Reichstag and chief of the Hitler storm troops in Silesia, was sentenced to six months in prison today in connection with a bombing last summer.

His adjutant was sentenced to four months in jail. One storm trooper was condemned to five years in the penitentiary, and another received a one-year sentence for attempted assassination.

**U.S. BOOTLEGGERS EXPECT HARVEST**  
Plans Based on Assumption Enforcement Nullified by Wet Victory in Elections

NEW YORK, Nov. 11 (CP).—The World-Telegram reported increased activity in the bootlegging industry, saying it had learned "the underworld's optimism is based on the belief that prohibition enforcement in the United States has been practically nullified by the wet victory in Tuesday's election."

"Several racketeers, traveling by plane and train," the paper reported, "left last night to complete arrangements for what they expect to be the most prosperous holiday liquor trade in many years."

As speakeasies throughout the city lowered their restrictions on the sale of whisky and other alcoholic beverages, it was reported that demand had increased for vessels suitable for liquor smuggling.

**STRIKE OIL ON BORDER**  
ZISTERBODEN, Austria, Nov. 11 (AP).—Drillers struck oil yesterday near this village on the Czechoslovakian border. The first day's flow filled five tank cars.

**Is Forced by Illness to Cancel Plans**  
The press is calling for close understanding between Paris and London in any action regarding the debt.

Pierre-Edouard Herriot, former Minister of Finance, has gone to London to visit his friend, Rt. Hon. Walter Runciman, president of the Board of Trade. While the visit has been described as purely personal, the newspaper L'Intransigeant, said it seemed impossible for the two men to avoid the debt question.

**OFFICIAL STATEMENT**  
Premier Edouard Herriot and Finance Minister Louis Germain-Martin conferred today about the December interest payment to the United States, but the results of their meeting was not disclosed.

"The Government," said a communique issued after the two men had talked, "is engaged in diplomatic conversations on a subject regarding which courtesy demands absolute reticence and discretion."

The process of sounding the United States Government has especially emphasized, it was said, the question of suspending the \$20,000,000 interest payment due December 15.

**APPROACH JUSTIFIED**  
The French view, as semi-officially outlined, is that Paris is justified in approaching the United States because at Lausanne, France agreed to follow the United States lead in apparently to the effect that before opening the debt question with Washington, the European nations must themselves come to an agreement about it. Somewhat in consequence of the Hoover moratorium, it was said, France accepted an appreciable reduction of her reparations claims against Germany.

America desired that her European debtors should not form a common front," said the newspaper L'Intransigeant. "We have the same desire, but no longer are we alone in the world in maintaining that with Germany exempted from paying debts contracted in defeat, it would be intolerable to force the victors to pay debts, which their hard-won victory cost them."

No Announcement Made of Proposals—British Note Delivered in Washington—Contents Not to Be Announced Until President Hoover Has Studied Messages—Problem for Congress

## Extension of Moratorium Believed to Be Objective

PARIS, Nov. 11 (AP).—Diplomatic negotiations have been opened with Washington regarding the French war debt payment on December 15, but the most complete discretion regarding the French move was observed in official circles today. It was authoritatively learned that one suggestion under consideration is to pay the amount due to the Bank for International Settlements should Washington find it inconvenient to agree to postponement until some final understanding has been reached.

## FIVE KILLED IN PLANE CRASH

**Private Machine On Way to Florida Falls Into Tennessee Woods**

KEMPVILLE, Tenn., Nov. 11 (AP).—Five persons were killed today in a crash and rain on a flight from Chicago to Florida, where they planned to spend the winter. Five persons in a private plane piloted by Joseph F. Hirt, industrial engineer, fell to their deaths in a hillside woods on the fringe of Kempville.

Hirt, forty years old, president of the Forest Products Engineering Works, Chicago, was accompanied by his wife, Inez, thirty-eight; their daughter, Mrs. Elizabeth Hirt, thirty-eight, a widow of Henry, Ill., and Mrs. Hunter's two children, Robert, four, and Inez, two.

All were dead except the baby girl when a searching party found the demolished plane last midnight after a three-hour search. The child, suffering from a concussion of the brain, was unconscious until her death at 7 a.m. today.

The plane had circled over Kempville for some time before the accident, presumably in search of a place in the hilly country to land in a strong wind and heavy rain.

Two other companies here have announced similar plans since the election.

## CITY POLICE COMMISSION IS FAVORED

New Westminster Inquires Into Victoria System—Vancouver Takes Action

Following nearly eight months' administration here, the newly constituted police commission of Victoria has been made the subject of inquiries from the Mainland, it was learned yesterday.

Both Vancouver and New Westminster are favoring the new type of police administration and in the case of Vancouver the council already has gone on record with a vote of nine to two in favor of the system. This means that application will be made by Vancouver at the next session of the Legislature for amendment of its charter to provide a commission, comprising

the mayor, a county court judge and magistrates.

New Westminster has written to Mayor David Leeming inquiring about the success of the new commission and is expected to follow the example taken by Vancouver in throwing over the elective type police commission.

## FOLLOWS SUN ROUND GLOBE

"Big Ben" called out the hour, and as the echo died away, buglers sounded the "Last Retreat," the crowds sang "God Save the King" and began to move away.

Many lingered to walk past the poppy-sprinkled field of remembrance, near Westminster Abbey, where thousands of white crosses and bright paper poppies have been planted.

In the Abbey there was a special religious service, attended by representatives of the Army and Navy and the veterans' organizations. The Prince of Wales headed the observance in Scotland at a great service at the War Memorial at Edinburgh.

## ARDOR UNDAMPENED

OTTAWA, Nov. 11 (CP).—Rain falling without cessation from overcast skies and a damp mist curling round the Peace Tower furnished the setting today, on Parliament Hill, for the national Armistice Day ceremonies. But the innumerable elements did not deter many thousands of Ottawa's citizens from offering their tribute to the memory of Canada's dead, nor did they dampen the ardor of the thousands of war veterans and soldiers of the Ottawa Garrison, who turned out in homage to their fallen comrades.

Parliament Hill was thronged by the thousands of citizens who gathered on the terrace steps, the temporary Cenotaph was surrounded—on three sides by the veterans of the Great War and in the rear by the notables of the nation. Contrasting with the benighted men

## Official Victoria at Remembrance Service

MANY high officers of state attended the ceremonies at the Cenotaph in Parliament Square here yesterday on the occasion of the anniversary of the signing of the Armistice that ended the greatest of all wars, November 11, 1918. In the above group may be seen His Honor the Lieutenant-Governor of the province, Premier S. E. Tolmie, Chief Justice J. A. Macdonald, Mayor David Leeming, Aldermen P. R. Brown, W. D. Todd, James Adam, H. O. Litchfield, John A. Worthington, and A. M. D. Fairbairn, secretary to the Lieutenant-Governor. In the foreground are a few of the many large poppy wreaths placed at the Soldier Shrine.

who had fought their country's battles on the Western Front, between 1914 and 1918, were the soldiers of the younger generation, the scarlet and khaki-clad millimians to whom the war comes only as a childhood memory.

Today was the day in the year for the war veterans, the day on which generals strode along in columns of fours with rear-rank privates, when silk-hatted and prosperous citizens found themselves levied involuntarily with unemployed and distressed ex-service men. When rank meant nothing and national service everything.

Impressive in the extreme was the observance by the vast throng of the two minutes' silence. With the last stroke of 11 o'clock from "Big Ben," the bark of a field gun ushered in that period. A hush descended all over the city.

## FAMILIAR BUT SACRED

When the reverberating cough of a gun announced the termination of the period, the succeeding service followed the well-trodden path of other years. At its conclusion, His Excellency the Governor-General descended from his place at the rear of the Cenotaph and deposited a wreath. He was followed by the Prime Minister and other notables. Hundreds of wreaths were deposited.

IN NEW YORK  
NEW YORK, Nov. 11 (CP).—Standing in meditation for a minute, members of the Canadian Club of New York offered a "silent toast" to the war dead today at a luncheon at the Waldorf Astoria in observance of the fourteenth anniversary of the Armistice which ended the Great War.

A guard composed of former members of the Canadian Black Watch Regiment, and a British and American soldier, half-staffed the colors as a bugler blew "Taps."

## THOUSANDS GATHER TO HONOR MEMORY OF GLORIOUS DEAD

tion. The crowd by that time had reached thousands, who swarmed over the grounds and pressed against the barriers placed around the Cenotaph, but special police reserves were able to handle them without difficulty.

Yesterday saw the largest gathering of ex-soldiers ever to attend a Remembrance Day service. Although many of them were showing signs of age, they marched to their place with a step reminiscent of other days. At their head was that gallant soldier, General Sir Percy Lake, whose decorations bespoke his service to the Empire, as did the medals worn by individual soldiers and other officers in attendance.

## MANY UNITS PRESENT

Drawn up in line on one side of the memorial were the standard bearers of the Victoria chapters of the Daughters of the Empire, the various units of Boy Scouts, Naval Cadets, and representatives of the Girl Guides, French-Canada Society, and the Amputations' Association.

Directly in front of the Cenotaph was His Honor Lieutenant-Governor J. W. Forthman Johnson, and behind him stood Premier S. E. Tolmie with members of the Cabinet, Chief Justice J. A. Macdonald, the ship Mayor David Leeming and members of the City Council; Commander Victor Brodeur, senior naval officer; Brigadier-General J. H. Brown, officer commanding Military District No. 11, and other high officers of the navy and militia. The church was represented by Major (Rev.) William Barton, V.D., chaplain of the Fifth (B.C.) Coast Brigade, Canadian Artillery, and Captain (Rev. Father) A. B. W. Wood, chaplain of the First Battalion, the Canadian Scottish Regiment.

## PERIOD OF SILENCE

As soon as His Honor the Lieutenant-Governor arrived, naval and military units accorded the King's representative the royal salute, which was followed by an inspection of the guards of honor. After that the regular order of service was carried out. At 10:59 o'clock a bugler sounded "Last Post," and on the last note of the call a gun was fired, signaling the commencement of the two minutes of silence. A second gun signaled the ending, which was followed by "Reveille." The hymn "O God, Our Help in Ages Past" was sung, accompanied by the band of the Canadian Scottish Regiment. Prayers were then offered by Major Barton and by Father Wood.

While a piper played "Flowers of the Forest," the ceremony of laying wreaths at the Cenotaph was carried out in the following order: the Lieutenant-Governor, the Bishop of Columbia, the Bishop of Victoria, the Premier of the Province, the District Officer Commanding in Military District No. 11, Senior Naval Officer, R.C.N., Mayor of Vic-

tor, representative of bereaved mothers, ex-service men's organizations and citizens. The hymn "O Valley Hears" concluded the service at the memorial.

## TAKES THE SALUTE

Following the memorial service the Lieutenant-Governor, accompanied by naval and military officers, was escorted to the reviewing stand in front of the Empress Hotel, where he took the salute of the guards and units as they marched past along Government Street.

The Cenotaph, following the ceremonies, was wholly surrounded by fragrant blossoms and poppies, as well as a large number of flowered crosses and the huge Community Cross, containing hundreds of poppies placed there by citizens during the past week, was placed at the base of the memorial.

## IN VICTORY SQUARE

VANCOUVER, Nov. 11.—Amidst showers, Vancouver assembled this forenoon in the natural amphitheatre of Victory Square to observe the annual Armistice Day ceremony. Shortly before the service at the Cenotaph commenced, the rain ceased and the sun broke through the clouds.

Veterans and active militia units assembled from all over the city at Granville and Georgia Streets at 10:30, and marched to the Cenotaph under command of Lieut.-Colonel H. D. Hulme, via Granville and Hastings Streets to the Cenotaph. A big crowd lined the streets through which the parade passed.

Under direction of the city police the various marching units, the representatives of governmental and civic bodies, the consular corps, disabled veterans and others were marshaled around the Cenotaph for the solemn service, that began at 10:47 o'clock.

## ARCHBISHOP OFFICIATES

The Archbishop of New Westminster, Lieut.-Colonel the Most Rev. A. U. de Penier conducted the religious service from a pulpit in the centre of the square, loudspeakers carrying his voice to the assembled thousands.

The service, which joined in singing the hymn, "O God, Our Help in Ages Past." The band of the Vancouver Regiment, which headed the parade, accompanied the singing.

NANAIMO, Nov. 11.—The fourteenth anniversary of the signing of the Armistice was observed here this morning. Despite inclement weather a good turnout of citizens was in attendance.

Members of the Legion visited the local cemetery, where the remains of some fifty-six soldiers repose, and the Legion president, placed wreaths and delivered an address appropriate to the occasion.

tor, representative of bereaved mothers, ex-service men's organizations and citizens. The hymn "O Valley Hears" concluded the service at the memorial.

## TAKES THE SALUTE

Following the memorial service the Lieutenant-Governor, accompanied by naval and military officers, was escorted to the reviewing stand in front of the Empress Hotel, where he took the salute of the guards and units as they marched past along Government Street.

The Cenotaph, following the ceremonies, was wholly surrounded by fragrant blossoms and poppies, as well as a large number of flowered crosses and the huge Community Cross, containing hundreds of poppies placed there by citizens during the past week, was placed at the base of the memorial.

## IN VICTORY SQUARE

VANCOUVER, Nov. 11.—Amidst showers, Vancouver assembled this forenoon in the natural amphitheatre of Victory Square to observe the annual Armistice Day ceremony. Shortly before the service at the Cenotaph commenced, the rain ceased and the sun broke through the clouds.

Veterans and active militia units assembled from all over the city at Granville and Georgia Streets at 10:30, and marched to the Cenotaph under command of Lieut.-Colonel H. D. Hulme, via Granville and Hastings Streets to the Cenotaph. A big crowd lined the streets through which the parade passed.

Under direction of the city police the various marching units, the representatives of governmental and civic bodies, the consular corps, disabled veterans and others were marshaled around the Cenotaph for the solemn service, that began at 10:47 o'clock.

## ARCHBISHOP OFFICIATES

The Archbishop of New Westminster, Lieut.-Colonel the Most Rev. A. U. de Penier conducted the religious service from a pulpit in the centre of the square, loudspeakers carrying his voice to the assembled thousands.

The service, which joined in singing the hymn, "O God, Our Help in Ages Past." The band of the Vancouver Regiment, which headed the parade, accompanied the singing.

NANAIMO, Nov. 11.—The fourteenth anniversary of the signing of the Armistice was observed here this morning. Despite inclement weather a good turnout of citizens was in attendance.

Members of the Legion visited the local cemetery, where the remains of some fifty-six soldiers repose, and the Legion president, placed wreaths and delivered an address appropriate to the occasion.

## THUMB-NAIL ROTTED WITH GOUT

Could Hardly Walk—Now Quite Well

When a man such as this can banish his gout, there is hope for every sufferer from that complaint. His experience should help others, so we give it in his own words—

"For some years I was a great sufferer from rheumatic gout. There was a time when I could hardly walk or stand alone. My hands were bad, and the thumb on my right hand seemed quite dead and the nail was rotting away. I tried many things, but nothing seemed to make much improvement. At last I tried Kruschen Salts. I took a little dose every morning for more than a year. I am so glad to say my hands and legs began to get much better, and to-day I am quite well. My thumb has regained its normal power, and my nail also is quite natural. I feel I must give my testimony, hoping others will also find a great relief. ## REQUIEM SUNG AT CATHEDRAL

Big Congregation Hears Beautiful Brahms' Work at Christ Church

In its consoling message of life after death, the Requiem Mass given last night at Christ Church Cathedral by an augmented choir and string orchestra under Stanley Bulley's direction, was just appropriate work for Remembrance Day, and a big congregation followed the performance with devout interest.

Musically cast in a distinctly devotional spirit, with occasional and highly impressive use of the Hebraic rite, the work is developed round the familiar Scriptural text, very cleverly selected to bear a definite sequence of ideas beginning with "Blest Are They That Mourn," and ending with "The Lord Shall Give Them Rest."

Those taking part were: D. Galt, G. McMillan, C. Heyward, W. Hall, Bruce Lowe, E. Holman and Mr. Robbitt.

**PIONEER OF WEST CALLED TO REST**

Came to Victoria Fifty Years Ago—Worked on the "Canadian Pacific Railway"

**NORTH VANCOUVER, Nov. 11.**—The death occurred in North Vancouver General Hospital, today, of James Morton Drummond, 84, of Avenue, West Vancouver. He had been ill for more than a year.

The deceased was born in Toronto in 1848, and went to Victoria in 1882. From there he went to Spences Bridge, where he joined a survey party. In 1886 he was appointed postmaster at Port Langley.

In 1896 he came to Burrard Inlet as store manager for the lumber company at Moodyville, and in 1903 was wharfinger for the Union Steamship Company. Later, he engaged in pulp-driving work in partnership with Captain C. H. Cates, and in 1915 he joined Wallace Shipyard Company, Ltd., later Burrard Drydock Company, Ltd., with whom he remained until he retired a year ago.

He is survived by four daughters, Mrs. L. M. Walker, of Vancouver; Mrs. F. B. Curry, of Toronto; Mrs. A. W. Shaw, of Boston, and Miss Bernice Drummond, at home; a brother, H. A. Drummond, of Toronto, and a sister, Mrs. Patterson Hall, of Montreal.

**WILL DEAL WITH ANCIENT NATIONS**

On Sunday evening the pastor of the Central Baptist Church, Rev. J. B. Rowell, will show how God's word, which was given more than two and a half millenniums ago, is being fulfilled today, when he will speak on the subject, "Egypt, Palestine, Babylon: A Prophesied Threefold National Resurrection in Actual Fulfillment Today." This will form the background for the gospel message, "Jesus of Nazareth Passeth By."

In the morning the pastor will continue the messages on "The Tabernacle in the Wilderness," speaking on "The Badgers' Skins and Coverings of the Tabernacle." The Sunday school and Bible classes meet at 9:45 o'clock, the prayer meeting on Thursday at 8, and the young people's meeting on Friday at 8.

In the series of lantern lectures on Bible biographies for boys and girls, which has been given during the past few weeks, a course on "Pilgrim's Progress" began last night, and will be continued for some time. Lectures commence at 7 o'clock.

**Rev. A. Gardiner To Preach at St. Paul's Garrison**

Remembrance Day services will be held tomorrow at St. Paul's Garrison Church, Esquimalt, when appropriate sermons will be given in the morning at 10:30 o'clock by the rector, Rev. F. C. Chapman, and in the evening at 7 o'clock, by Rev. Alan Gardiner, vicar of St. Saviour's Church.

**Open Campaign Of Anniversary Services Monday**

The meetings tomorrow at the Salvation Army Citadel, Broad Street, will be held at the usual hours: Knee drill, 7 a.m.; holiness meeting, 11 a.m.; Sunday school, 2 p.m.; praise meeting, 7:30. At the afternoon meeting there will be an enrollment of soldiers and a "Remembrance" service in the evening.

The "Golden Cord" campaign that is being carried on throughout Canada to commemorate the fiftieth anniversary of the opening of army work in the Dominion, will be launched in Victoria next week. On Monday night, at 8 o'clock, there will be a holiness meeting in the Citadel. Sergeant-Major Turton, leader of the young people, will be in charge of the Thursday night meeting and the Boys' Brass Band, under Bandmaster Martin, will be in attendance. A half-night of prayer, from 8:30 to 12 midnight, will be held on Friday night. The Saturday night gathering will be a form of entertainment especially for the unemployed, who are cordially invited. Coffee and doughnuts will be served at 8 o'clock in the Broad Street Citadel, followed by a programme.

**ST. PAUL'S RECTOR TO BE PREACHER AT ST. SAVIOUR'S**

Rev. Alan Gardiner will deal with a question appropriate to Remembrance Day at the morning service at St. Saviour's Church Sunday. The evening service at 7 o'clock, will be conducted by Rev. F. C. Chapman, who will preach on "Blessing Your Life."

## Normal Students Present Pirate Play at School

Students of the Provincial Normal School presented a delightful play, entitled "The Passing of the Late Captain Crow," in the school auditorium on Thursday afternoon.

The play was capably directed by C. B. Wood, assisted by Dudley Galt, a member of Class C.

As an opening exercise, Kenneth Ross, president of the Literary Society, led the students in the singing of "O Canada," after which Mr. Ashford, accompanied by Leonard Grant, offered a violin selection.

The stage setting for the play depicted the cabin of a pirate vessel at anchor in the harbor of a captured town in the Spanish colonies. The costumes and scenery were descriptive of pirate days.

Those taking part were: D. Galt, G. McMillan, C. Heyward, W. Hall, Bruce Lowe, E. Holman and Mr. Robbitt.

## TEACHING COST UP TO DISTRICT

Province Will Not Pay for Educating Children of Jailed Doukhobors

**NEW WESTMINSTER, Nov. 11.**—The cost of educating fourteen Doukhobor children sent from the Kootenay district to the local Protestant Home for children will not be paid by the Attorney-General's Department, according to a letter to the school board from Hon. R. H. Pooley. These children are here while their parents are serving terms for nude parading.

The board in a previous communication to the department maintained that, as the children had been brought here as a result of Government action, the provincial authorities should bear the cost. In reply the Attorney-General stated it was the responsibility of the board to provide education for all children of school age in its district. The board is taking the question up with Thomas Reid, M.P., at Ottawa, and with Mayor A. Wells Gray, M.P.P., at Victoria.

**SALARY SCHEDULES**

The board decided to give the school teachers the required three months' notice of reopening the salary schedule. This was done in view of the possibility of the Provincial Government failing to fix salary standards now under consideration. If the Government did not do so the board believed it might be called on to revise its own schedule.

Trustee Samuel Bowell, chairman of the board, reported in connection with the committee appointed by the Greater Vancouver and New Westminster trustees to investigate school insurance rates.

**PAYING BUSINESS**

Reports from twenty-eight school boards showed that in ten years insurance companies received \$208,000 more in premiums than was paid in losses. It was claimed that rates were excessive, and the committee will endeavor to have them lowered. Suggestions had been made for State insurance of the schools, also that the boards combine to carry their own insurance.

**GALSWORTHY VOICES HIS POLITE THANKS**

**LONDON, Nov. 11 (AP).**—John Galsworthy, who received the 1932 Nobel prize award for literature, yesterday, revealed much surprise today at a request for expression on the award bestowed upon him.

"That anyone should be interested in the award of the Nobel Prize to myself, is gratifying if a little surprising," he said. "There are so many writers who deserve it, and only one each year who can get it."

"I am glad, indeed, to have a chance of expressing my thanks to any American newspaper reader who has a kindly feeling for the Nobel Prize (for literature) winner in 1932."

## DYNAMITE FOUND IN PAPER OFFICE

Explosion May Have Killed Several Advertising Men and Badly Wrecked Building

**LORAIN, O., Nov. 11 (AP).**—A mysterious attempt to bomb the plant of The Lorain Journal, afternoon newspaper, was under investigation today.

Four sticks of dynamite, one with a fuse attached, were found in a small leather bag, last night, in a doorway of The Journal Building.

John W. Graham, business manager, who made the discovery, said he was unable to account for the plot. Had the dynamite exploded at the time it was found, he said, several advertising men at work in the office probably would have been killed and the building badly damaged.

The Lorain Journal is owned by the same company as The Mansfield Journal, which was bombed with serious damage in 1931.

**Four and a Half Honor-Fallen Comrades**

Fallen war heroes were honored by members of the Four and a Half Honor Society, when a wreath was placed on the Cenotaph before midnight Thursday, following a meeting of the company.

Brigadier-General Sir Charles Delme-Radcliffe was the guest at the Armistice Eve dinner, and spoke briefly during the evening.

Dudley Green, officer commanding, presided.

The following took part in presenting a historical play during the evening: Arthur Kerr, Mrs. F. Pearce, W. Hurn, Sgt.-Major E. Maynard, Percy Beasley, Robert Yates and Oliver Penrice.

**Sunday's Theme To Be "Mortals And Immortals"**

The subject of the lesson-sermon in First Church of Christ, Scientist, Victoria, on Sunday will be "Mortals and Immortals." One of the Bible texts will be "Now this I say, brethren, that flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit incorruption." (1 Corinthians xv, 50).

The lesson-sermon will also include the following passage from page 180 of "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "This mortal seeming is temporal; it never merges into immortal being, but finally disappears and is replaced by a spiritual and eternal, it is found to be the real man."

**SACRAMENTAL SIDE OF CHRISTIANITY TO BE EVENING THEME**

The Holy Eucharist will be celebrated tomorrow at the Liberal Catholic Church of St. George, 414 St. George St., at 11 o'clock, the evening service will be solemn Benediction, at 7:30 o'clock, with address on "The Purpose and Beauty of Sacramental Christianity."

"The old English sea wolf was more than half a pirate at heart," observes a nautical authority. With him it was doubtless England, home, and booty.

## CANDIDATES IN SAANICH HEARD

Election Gets Under Way in Ward Seven—Reeve Aspirants Speak

Opening shots of the Saanich municipal election were fired by candidates who addressed a largely-attended meeting of Ward Seven Ratepayers' Association, held in the Tillicum School last night. Two contestants for re-election and three for the ward council seats were heard.

Charles H. French, who is seeking election as chief magistrate, was well received by the audience. In reply to a recent statement made by Reeve William Crouch that the office next year should not go to an inexperienced candidate, Mr. French explained that he had done business with the municipality for twenty years through the Hudson's Bay Company, of which he is retired fur commissioner for Canada. He had not wished to bring the reeve's name into his address, but he had been compelled to do so, he said, in dismissing the subject.

### TELLS OF WORK

Mr. French stated he was not ready at such an early date to outline any platform or make election promises to the ratepayers. It was his purpose to make himself known and become acquainted with the ratepayers. He had been a taxpayer in the district for thirty years and had seen active service with the Hudson's Bay Company. To illustrate the varied experiences of his life, Mr. French told his audience of his early activities and of his work after becoming associated with the company in 1888 at Winnipeg.

If he was elected, Mr. French hoped it would be with a clear-cut majority, because he intended to give a clean-cut administration and devote full time to his work if necessary.

### JOHN REID SPEAKS

John Reid, also running for reeve, outlined briefly the platform on which he was seeking office. He was pleased to meet Mr. French, he said, expressing the hope that the contest would be a clean one. Mr. Reid reviewed the faults of the capitalist system which, he felt, had brought about the present unemployment situation.

Mr. Reid expressed himself as being in favor of the "recall" system, by which the reeve and council might have to resign if called upon by a sufficiently large number of ratepayers. He also favored taxation of all salaries over \$2,500 a year to carry the burden of relief, cancellation of Saanich water bills; the providing of water connections instead of having the municipality make a profit; relief paid in kind; no interest or penalties on delinquent ratepayers; reorganization of the Municipal Police, and wage cuts in salaries of more than \$100 a month, and a moratorium on all debts.

### SEEKS COUNCIL SEAT

W. H. Hadley, seeking the council seat, was not prepared to present his platform, but stated he was running because of a keen desire to do so for the past fifteen years. He elected, he later intended to run for reeve, he said. There would be "no strings" on his election, he continued, as he did not believe in false election promises. It was his wish to sit on the council with a clear conscience and desire to do what was best in the interests of the ratepayers and have the courage of his convictions.

Tom L. Sargeant, another contestant for council, promised a square deal to everyone. If elected, he foresaw a difficult year for the new council, and stated he would do his best to work in unison with reeve and other councillors and perform his work for the full benefit of the ratepayers. In the coming year, he felt the council would have to turn to the more humane side of the municipality. He would also fight for a better lighting system in the ward, he said.

### MAY BE CANDIDATE

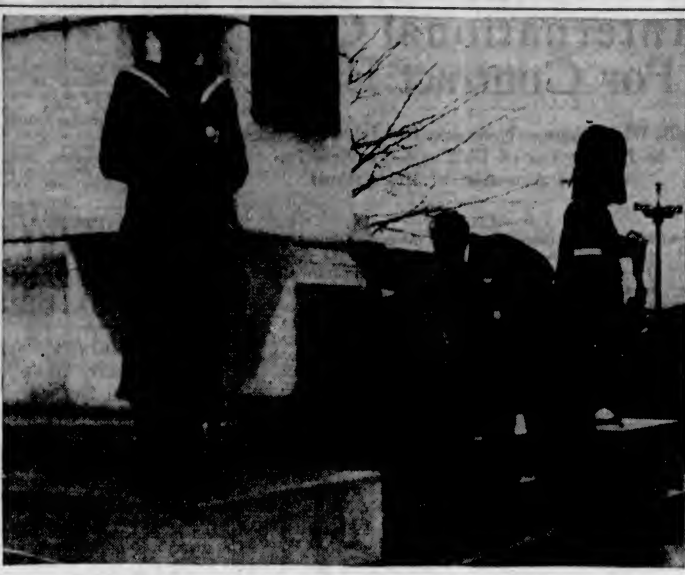

Samuel Taylor, a prospective council candidate, was introduced and announced that he had made no definite decision but was "waiting to see who entered the field."

E. Wilkinson, president of the association, expressed the regrets of ex-Councillor G. Stanley Eden, who was to have addressed the meeting, but was unable to attend owing to illness.

### FUNERAL ON MONDAY

On Monday afternoon the funeral service will be conducted at 3:30 o'clock, by Rev. O. L. Jull, for Francis James Hammett, interment will be made at Royal Oak Burial Park.

## SEES SOLUTION IN EDUCATION

Minister Stresses Value of Proper Home and Community Training

CLOVERDALE, Nov. 11.—The solution of the world's difficulties lies in education—"but not in your part of it," Hon. Joshua Hinchliffe, Minister of Education, told more than 200 teachers at the twenty-second annual convention of the Fraser Valley Teachers' Institute, held here yesterday. Teachers might help in some measure towards that consummation, but the home and community had their place in education. "Our young people must be trained," he said, "to have a different outlook on life."

It had been suggested, said Mr. Hinchliffe, that depression can be obviated only by education, but this was only partly true; everything depended upon whether the young man or woman was trained to be a tangle. He pointed out that Germany was the leading nation in educational matters at the time of the war. Young men left their own colleges to go to Germany to finish their education. Would Germany have had a different outlook with more education? he asked. He did not think that more algebra or even the differential calculus improved conditions.

### SELFISH ATTITUDE

While admitting the great discoveries, the result of education, he said the harvest of education and free education was boys of from sixteen to twenty years of age in the tolls of the law. The difficulty was, he was told, that up to the present it had been a case of every man for himself. Education to teach thoughtfulness for others was what was required.

The visiting teachers were welcomed by Rev. J. E. Brown, George M. Brown, chairman of the Surrey School Board, and R. Jenks, president of the Institute.

Inspector F. C. Calvert gave an address on "Results of Some Modern Movement in Education," and Charlesworth, secretary of the British Columbia Teachers' Federation, spoke on the present educational situation in British Columbia.

Mr. Calvert dealt with innovations of the past ten or twelve years, and advised the teachers to be neither ultra modern nor ultra conservative in their ideas, but to make a study of all that had been introduced. As regards consigning children to different rooms as the result of the intelligent test, Mr. Calvert said that to condemn a child to room "D" was the same as a prison sentence, and the children got a better idea of the meaning of the word "D" when they were told that they were going to room "D" than when they were told that they were going to room "D."

#### HAZARD IS LOW

The moral hazard in the province from an insurance standpoint is considered excellent. Only 1.75 per cent of the total fires was found to be of incendiary origin. W. A. Walker, deputy fire marshal, investigated 207 fires of suspicious origin and held or assisted at twenty-six inquiries. As a result of these investigations, five persons were charged with arson and three were charged with conspiracy to defraud insurance companies. Two convictions were obtained, while three cases are still before the courts.

## Chinese Commission Recommends Site for Northern Ocean Port

Project Originated With the Late Dr. Sun Yat Sen  
—Development to Take Fifteen Years  
and Cost £15,000,000

The creation of a new ocean port for North China, on the north shore of the Gulf of Pohai, is recommended in the report of the Great Northern Port Commission, which has been studying the matter for the past two years. This project for a deep-water ocean port, free from ice, originated with the late Dr. Sun Yat Sen, whose plans for the modern development of China as a republic included three great ocean ports for North China, East China and South China.

The Nationalist Government reorganized the National Construction Commission to carry out important public works along the line of Dr. Sun Yat Sen's plans, and in 1929 this commission appointed a board to investigate the Great Northern Port scheme. In 1931, representatives of the Ministry of Railways and the Ministry of Communications were added to the board, which was then organized as the Commission for the Development of the Great Northern Port. The first report has now been presented by Dr. Shu-tien Li, chairman and chief engineer of the commission. Extensive surveys, soundings and commercial studies have been made, a meteorological station has been established, and general plans prepared for the port and its city.

**WELL SITUATED**  
The site is about midway between Taku, seventy nautical miles, and Chinwangtao, sixty-four miles, in longitude 118 degrees, 51 minutes, E, and latitude 39 degrees, 11 minutes, N. It has the special advantage of being nearer to deep water than any of the other proposed or existing ports on the Gulf of Pohai.

Its distances are 147 nautical miles from Dairen, 126 miles from Huliao, 96 miles from Tientsin and 150 miles from Chefoo.

While Tientsin is an important commercial centre of North China, it is situated some distance up a river, has only shallow draft accommodation, owing to the amount of silt which accumulates in spite of dredging, and is frozen up in the winter months. The Taku Bar at the mouth of the river, and about six miles off shore, is also a serious obstacle to ocean steamship commerce. The navigation channel inside the bar permits only a draft of fourteen feet, and sometimes only ten feet, so that large vessels have to anchor outside the bar.

At Chinwangtao there is a pier, but it is inadequate, and that place is neither a manufacturing or commercial centre. What is needed is an ice-free, deep-water, first-class port, completely equipped with modern facilities. Such a port can be provided near the mouth of the Lan River, and will be in a strategic position in relation to ocean and coastwise shipping, and to inland transport by rail, road, river and canal. Further, the site is near the largest salt-producing district in China, and a rich agricultural district, and is only about forty miles from the well-developed Kailian coal-mining region.

**CANALS EXIST**  
For internal communications, the first step would be a branch railway from the port to Tangshan, on the Peiping & Liao-shan Railway. A railway and canal to the Kailian collieries are projected, while there are numerous existing canals in the

## Considering New Flying Service Across the Gulf

VANCOUVER, Nov. 11 (CP).—The Wells Air Transport has decided to inaugurate a Vancouver-Victoria air service and definite announcement will be made within a few days. A once-daily schedule from the Vancouver airport, weather permitting and safety and comfort of passengers considered, will be initiated. It is pointed out that flying conditions are seldom bad at the airport even though things look murky in Vancouver.

hinterland, and the Lan River can be improved so as to accommodate light-draft steamships as well as barges. Highway connections would be necessary.

Three periods of five years each are proposed for the construction work, with expenditures of approximately \$5,000,000 for each period. The first period would cover the execution of the necessary dredging and filling; the construction of the fifty-two-mile railway to Tangshan; a 1,600-foot length of pier, and 3,500 feet of quay, giving a total of 6,500 feet of steamer berthing space; the transit sheds and warehouses; and the provision of the necessary pilot boats and tugs; also the laying out of the city and the construction of waterworks and electric light plants. The other periods would cover mainly extension and enlargement, together with such additional works as drydocks, coaling piers, oil wharves and municipal structures.

To finance this Government project, it is proposed that port bonds should be issued for \$10,000,000, to be expended in ten years. After that period, the customs revenues and the sales of the port should provide for the final five-year period. As there are no extensive settlements or works at the proposed site, it is pointed out in Dr. Shu-tien Li's report that the development of the port and the building up of a modern city can be accomplished in an economic way and according to the best planning of architects and engineers.

## Demands on Flying Craft Are Many

CALLS for airplanes at unexpected times became so frequent that Imperial Airways instituted a special charter department, and for some little time this service has been well patronized. All types of craft, from the small taxi machine to the great carrier, are available, the above photograph showing one of the larger ships.

## OAK BAY HAS PEACE SUNDAY

Dr. G. B. Switzer Will Speak on World Unity—Orchestra in Evening

Tomorrow will be celebrated as Peace Sunday at the Oak Bay United Church. In the morning Dr. Gerald Breen Switzer will speak on "The Evolution of Peace, a Talk With a Caveman, a Clansman, a Tribesman and a Modern Nationalist." Outlining the march toward world unity, he will dwell briefly on the origin, development and significance of the League of Nations and the attitude Christians should adopt toward it.

At the evening service an orchestra, under the baton of Alfred Prescott, will play "War March of the Priests" (Mendelssohn), "Suite From Merchant of Venice" (Rossi), and "Keltic Lament" (Poulton). Dr. Switzer will give an address entitled "World Peace," formerly prepared for the "Annual Frolic" of the La Salle County Editorial Association, held at Starved Rock National Park in Illinois last July, and which he has delivered before various Kiwanis and Rotary Clubs of Illinois, and recently, in part, before the Victoria Kiwanis Club.

Dr. Switzer has made a careful study of the peace movement and the war system, has written a Bachelor of Divinity thesis on "The Origin and Development of the League of Nations," has visited national memorial shrines in England, Ireland and France, and spent last Christmas Day on the battlefields of Verdun.

Dr. Campbell Morgan will return to his former pulpit at Westminster Chapel, London, about the middle of December as associate minister of Dr. Hubert L. Simpson. Dr. Morgan, who is widely known as a Biblical expositor and able preacher, has been in charge of a church in Philadelphia for some time.

# MY RUGBY WATCH ENDS IN SCORELESS DRAW

## West's Score 5 to 0 Victory Over City In Coast Football

Borde, Gibbons, Youson, Connorton and Stewart  
Drive in Goals in One-Sided Fixture at Heywood Park—Thistles Meet Dockers Today

LEAGUE STANDING	P	W	L	D	P	A	P
West's Thistles	7	6	1	0	20	8	12
Donkies	7	5	2	0	18	11	12
Victoria West	7	5	0	2	19	4	12
Victoria City	6	1	4	1	6	8	12

Banging in four goals in the opening half and another just seconds before the final whistle, Doe Points and his Victoria West football eleven jumped out of the collar in the First Division of the Pacific Coast League yesterday afternoon at the Heywood Avenue Park grounds by administering a 5-0 defeat to Victoria City in the only scheduled fixture. A large crowd of holiday fans turned out and were treated to some good and lusty soccer.

The victory puts the greenhorns in third position and the City in the cellar. It marked the first time since the schedule opened that the Wests have not been in last place. The greenhorns were encouraged by Captain Terry Peers turned in a good exhibition, their front rank working better than on any previous showing. Fine ball control, accurate shooting, and with several spots in the line-up, decided the points. The pitch was slippery from recent rains and the players found it hard to control the ball.

Sanich Thistles, First Division leaders, and Esquimalt, second place occupants, will clash in one of the most important fixtures of the season this afternoon on the lower Beacon Hill pitch at 2:45 o'clock, with Robb as referee. A Sanich victory will put them three and a half games out in front, while a defeat for the dockers will place the Thistles' lead to one game. The game will be at top strength and a hard match should result. This is the only Coast League game carded a large crowd is expected to line the field.

**TAKE EARLY LEAD**  
Pressing from the start, Victoria West had the better of the play in the opening minutes. Ten minutes after the whistle the greenhorns started on a scoring rampage when Len Gibbons sent over a beautiful cross from left wing and Edgar

Borde headed in the net. Gibbons played a great game at the outside position, his crossing and shooting showing a decided improvement from previous games. He has plenty of football in him and should be a great help to his team as the season progresses. The City had a fine chance to equalize when Gibbons was sent through, but he kicked over the bar. A foul was called on May for charging from his net against Holness. The greenhorns blocked the passage of the kick, but McBey crossed to West and the latter crashed a fast shot over the bar.

Dobbins saved a sure goal after Chalmers had come off a fine drive, but Smith did the same a few minutes later with the City goalies out of position. Gibbons put the Wests two up after twenty-five minutes with a terrific drive to the top of the rigging. Harry Youson added another shortly after by banging in Mulcahy's pass from inside the penalty area, while Cyril Connorton got the winners fourth tally. Connorton came in fast and beat Chalmers with a brilliant shot to the net. The score was 4-0 at the interval.

**GAME SLOWS UP**  
Listless soccer featured the opening of the second half, both teams slowing up considerably. With a lead the greenhorns played more of a defensive game. McBey tested Marley with the only two likeable shots during the half, but the Wests took both and cleared in fine fashion. Chalmers made several fine saves during the late stages of the game. He pulled off a fine save from Borde and stopped a wicked drive from Youson. Gibbons scored, but the goal was disallowed as Borde was caught offside. Just before half a minute to play, Dave Stewart tallied the final marker by converting Connorton's corner. The ball hit the upright and rebounded into the net.

Davies refereed and teams followed. Victoria West-Marley, Moody, Wright, Loring, D. D. Stewart, Connorton, Youson, Borde, Mulcahy and Gibbons.

Victoria City—Chalmers, Dobbins, Harper, Storey, Gibbons, Smith, McMillan, Holness, Teifer, McBey and Glancy.

## WANDERERS AND NAVY WILL MEET

Tars and Oak Bay Seniors  
Will Clash Today at  
Royal Athletic Park

Rugby followers' footsteps will lead towards the Royal Athletic Park this afternoon, where the powerful Navy team will tackle a fighting Oak Bay Wanderers fifteen in the second "A" match of the season. Although the sailors have the stronger aggregation on paper, the Wanderers have a fast, well-trained squad, and should extend the heavier Navy team to the limit. Bill Ellis will handle the whistle.

This is the only "A" match scheduled, but six senior "B" fifteen will clash in the first matches of the season for that division. At the Willows Park, Victoria College, last year's intermediate champions, play the Fifth Regiment with Bill Derbyshire in charge. At Work Point Barracks, the Garrison and Wanderers meet with J. B. Acland as referee, and the Scottish and Navy play at the new Navy ground at Admirals Road with Gray as referee.

In the intermediate section, Victoria College tackle the Fifth at the Victoria High School ground, and the Wanderers and Scottish meet at Oak Bay Park. Walls is in charge of the first game and F. A. Sparks will handle the whistle in the second.

All games start at 3 o'clock sharp.

## Canadian Army Jumpers Beaten At Big Classic

MADISON SQUARE GARDEN, NEW YORK, Nov. 11 (CP).—Falling to show its usual strength, the Canadian Army team was shut out in the Westchester Challenge Cup competition for jumpers at the National Horse Show today.

First place went to the Irish Free State trio of Blivenam, Blarney and Corry, and Fred Ahearne in the saddle. The United States Army was second and the French officers third.

## Sato Defeated By Collegian In Net Final

TOKIO, Nov. 11 (AP).—Jiro Sato, Japanese Davis Cup star and former national champion, today was defeated in the final of the national tournament by Ryosuke Ononuki, a college student, 5-7, 6-2, 2-6, 6-4. Sato has been rated Japan's No. 1 player for several years.

## SINGH WINS FROM SPARKS AT MAT SHOW

of Three Falls

BRENTANA BEATS  
JOE GARDINER

Nano Singh, Indian heavy-weight, upheld the record of his race when he defeated Al Sparks, Salt Lake City, two out of three falls in the second half of a double main event at the Pacific Stadium last night. In the other main bout "Bull" Brentana, Chicago, also took two out of three from Joe Gardiner, San Francisco grappler. Both bouts were fast and provided a good show for the fans. In a local opener Lloyd Fenlon and Reg Hopkins wrestled to a draw, both had getting a fall. While Smith did the same a few minutes later with the City goalies out of position. Gibbons put the Wests two up after twenty-five minutes with a terrific drive to the top of the rigging. Harry Youson added another shortly after by banging in Mulcahy's pass from inside the penalty area, while Cyril Connorton got the winners fourth tally. ## Race Meeting is Canceled Owing To Depression

NEW YORK, Nov. 11 (AP).—Frank Keeney, owner of Keeney Park, today announced through New York press, he had decided to indefinitely suspend the proposed race meeting there, scheduled from December 30 to January 18.

Present uncertain financial conditions were given as the reason.

## HILLCREST AND BEAVERS IN TIE

Fourth Division Badminton Teams  
Play to 8-8 Deadlock in Island  
Loop

Five victories in the mixed doubles gave Hudson's Bay an 8-8 draw with Hillcrest Royals in the Fourth Division of the Lower Island Badminton League at the Memorial Hall. Hillcrest took the lead by winning three out of four of the women's doubles. The teams broke even in the men's doubles but the Beavers evened matters in the mixed competition with their five wins to three.

The Last Stand—When the momentous call to "Cease Firing" terminated 1,580 days of carnage, known as the World War, on November 11, 1918, the scene of the actual Last Stand was a shellhole half way up the hill in the direction of the Bois Waville, between Beaumont and Monmedy. I secured a picture of this historical shellhole and the exact measurements of its position during my sojourn in Eastern France last year.

A Military Gabriel—Caporal-Clairet Pierre Seller twice sounded the most important call in human history. The first time when he sounded "Halt-la, cessez le feu," on the momentous night when the German delegation, suing for peace, crossed the French Line for the first time. And the second time when the morning air the notes of his "General Cease Firing."

## "Torchy" Peden and Audy to Team Up in Minneapolis Bike Race

MINNEAPOLIS, Minn., Nov. 11 (AP).—William "Torchy" Peden, of Victoria, B.C., and Jules Audy, of Montreal, winners of the recent Chicago bicycle race, will be paired in the Minneapolis second annual six-day contest starting Tuesday night, the management announced today. The Canadians took first place in the inaugural race here last year.

## CANUCK HAS EASY TIME WITH TERRY

Frankie Battaglia Scores  
Technical Kayo Over New  
Jersey Boxer

liminary to the Battaglia-Terry scrap.  
Ross missed a chance to knock out Hess in the third round when he had him rocking on his heels from lefts and right-hand punches to the chin. Hess clinging to the ropes of the ring to support himself.  
Dave Shade, veteran San Francisco middleweight, reversed a previous decision which Sammy Slaughter, Terre Haute, Ind., negro, won by outclassing Slaughter, in their ten-round bout. Shade, with his many tricks for Slaughter, who tried every step of the way, but was unable to connect solidly against the bobbing, weaving Californian. Shade weighed in 160 pounds, to 161 1-2 for Slaughter.

**CHICAGO, Nov. 11 (CP).—**Frankie Battaglia, Winnipeg's heavy-weight middleweight, hammered out a technical knockout victory over "Young" Terry, of Trenton, N.J., in the seventh round of a ten-rounder at the Chicago Stadium tonight.

Battaglia needed little time to demonstrate his superiority, flooring Terry three times in the first round, and with the exception of a brief flurry in the fifth, steadily battered Terry. A right uppercut caught Terry on the chin in the sixth and he went down. He managed to rise at the count of nine, but was easy prey for Battaglia in the seventh.

**PUNISHES TERRY**  
After almost knocking Terry out with right-hand socks in the first, the Winnipeg aspirant for the midweight crown quit using the right until the sixth. He concentrated on left hooks in other rounds, with fair results.

The Winnipeg youth boxed more cleverly than in previous Chicago engagements, and had little difficulty blocking or stopping Terry's wild swings.

Barney Ross, Chicago youngster, clamoring for a championship engagement with Tony Canzoneri, decisively defeated Goldie Hess, of Los Angeles, in their ten-round preliminary.

## CANADIAN SCOTTISH AND 5TH REGIMENT PUT UP FINE GAME

Militia Units Fail to Settle Holders of Lieutenant Governor's Cup After Hard-Fought Battle—  
Fifteen Hundred Fans Attend Fixture—  
Troops and Bands Add Color

Despite the efforts of hundreds of their comrades and followers cheering themselves hoarse, Canadian Scottish and Fifth Regiment failed to decide who would hold the handsome trophy donated by Lieutenant-Governor J. W. Fordham Johnson yesterday afternoon at the Royal Athletic Park when they left the field in a scoreless draw after one hour and ten minutes of play. About 1,500 men attended the game, which opened the schedule of the Victoria Rugby Union.

Considering it was the first game of the season, the brand of Rugby was good and some smart plays were witnessed by the large crowd. As far as play was concerned Scottish had the edge in each half, but the fighting bunch of artillerymen put up as sound an exhibition of defensive work as has ever been witnessed in this city. It was a draw. It was a happy ending to a game which saw two rival units putting their greatest efforts forward to produce the winning points.

His Worship Mayor David Leeming, who had presented a ball for the game, sent the teams into action by kicking it off for the opening ceremony. At the finish, with the teams lined up in front of the grandstand, His Honor the Lieutenant-Governor presented his beautiful trophy to Captain Frank Skillings, of the Fifth, and Larry Henderson, of the Scottish. The teams each took home the cup for six months and next Remembrance Day will again fight for the honor of keeping it a year.

**GOOD SPORTSMANSHIP**  
Good sportsmanship on the part of each team was dominant throughout and nothing in the way of any questionable tactics marred the game. The teams played hard Rugby, with the Scottish backs showing superiority and the Fifth forwards having the edge. As usual in every opening game, fumbles were numerous with Scottish backs being particularly off in handling and passing of the ball.

Referee Acland was strict in his interpretation of the code and called up everything, and there were many free kicks awarded. Both teams were offside on many occasions, but only three or four penalty kicks were awarded, but none was successful. Scottish were played on the field by their pipers and Fifth by their fine brass band. The bands played during the game, and intermissions and greatly added to the color of the encounter.

**GOAL POSTS DECORATED**  
As the Mayor performed the opening ceremonies, the goal posts were clad in the respective colors of the regiments, the north being in the Fifth regalia and the south in the Scottish.

After the game had got under way with the Scottish kicking off, Wharton ran the ball back to Scottish territory. A free kick followed and Campbell Forbes put the ball deep into the Fifth twenty-five. Scottish waged a constant attack for several minutes until McInnes cleared with a kick to touch, after taking the ball from the toes of the opposing forwards.

Fifth took up the attack for a space when Oliver missed Billingsley's punt, but Rowlands headed a Scottish forward rush and cleared the ball back to centre.

The artillerymen were awarded a free kick, and McInnes tried a place, but it failed, and immediately following, Scottish were given a couple of free, but neither resulted in any material gain.

With Scottish pressing, following a good run by Boorman, a free kick was given, and Campbell Forbes tried a place, but it was well short. Play was around centre field for several minutes, and Frank Skillings made a couple of fine gains with kicks to touch, but Scottish came back strong and regained the lost territory.

Free kicks were rampant at this time, and each team gained much ground by finding touch; but none of the punts gave the teams a good scoring position.

**BRUCE FORBES CLOSE**  
Just before the half, Bruce Forbes gave the fans a thrill when he broke away with the ball at his feet, picked it up and tried a kick and follow-up play, but McInnes beat him to the ball and a twenty-five kick resulted. A half-minute before time, Scottish were awarded a penalty kick and G. Forbes tried a place, but it sailed wide.

Fifth forwards began to show their superiority in the scrums in the second half, and heeled the ball out three to one. Scots pressed hard from the start after their three had intercepted a pass, but this advantage was lost when a free kick was given against them.

Scottish backs looked dangerous on several sorties, but fumbled creep into their play and many likely-looking runs were abortive. Scottish had a close shave when Oliver failed to gather in McInnes' low punt, but with several of the Gunners bearing down strongly, Rowlands came to the rescue and kicked the ball into touch after Oliver had been tackled.

Scottish pressed after this, and Egeblom and Skillings made two fine kicks at opportune moments. A glaring opportunity was lost just before the final whistle. Following up fast, Campbell Forbes took Bryden's punt on the run, beat McInnes, and had one other to get past. He passed to Lund, but forward, and the ball slipped from the latter's hands as the whistle sounded.

## CHANGES ARE RECOMMENDED IN GRID GAME

Scoring Methods Come  
Under Fire at Western  
Canada Meeting

CALGARY, Nov. 11 (CP).—Drastic changes in scoring were recommended by the Western Canada Rugby Football Union at its annual meeting here today. The recommendations will go forward to the Canadian Rugby Football Union for consideration. The proposals would eliminate the kick to the deadline, which counts one point under present rules. They would also make every touchdown "earned" or else count as an "unearned" touchdown, giving only two points.

Extending the latter scoring, the recommendations allow for a convert kick only when the attacking team carries the ball across the goal line. This would be an "earned" touchdown. When an attacking team kicks across the goal line and is fumbled by the defending team, it would be an "unearned" touchdown, bringing only two points without the convert kick opportunity.

Extension of the interference line from five to ten yards was also suggested.

**OFFICERS CHOSEN**  
M. L. Lieberman, Edmonton, was elected president of the union. C. Croswell, Vancouver, first vice president; A. E. Tomlinson, Moose Jaw, second vice-president; Carl Winemiller, Winnipeg, third vice president; Dr. E. A. McCusker, Regina, Western representative to the Canadian Rugby Football Union, and W. L. Ross, Calgary, chairman of the rules committee.

Two positions are left for the executive to fill, being the post of secretary-treasurer, now held by Arnold Dowd, Winnipeg, the vice-registrar, occupied by G. B. Williams, Regina. Reappointment of Dowd and Williams was forecast.

M.C.C. Lines Two Wickets for 41  
Runs Against Picked Victoria  
Eleven

MELBOURNE, Australia, Nov. 11. Two wickets for 41 runs, the M.C.C. picked Victoria eleven today, against Victoria. Victoria had been dismissed for 221.

Scores were: Victoria, 231 (O'Keefe 83, unfinished; Allen four for 45 and Voce four for 55); M.C.C., 41 (two for Allen 15, Nawab of Pataudi 6). The game was played on a good pitch before 16,000 persons, but the day was a dull one. Oakley's fine innings lasted for two hours, and included eight 4s.

## New Refereeing System Tried in Toronto Fixture

TORONTO, Nov. 11 (CP).—The National Hockey League may try out further a new style of the double-referee system following last night's innovation by Referee Perry Goodman and Bill Dagnault, who handled the Leafs-Boston game, but worked under a different method than heretofore. Few persons noticed the change.

By agreement between Managers Conny Smythe, of the Leafs, and Art Ross, of the Bruins, at the request of President Frank Calder of the league, Goodman called the penalties and Dagnault the off-sides. The old system of each man working one half of the rink and being responsible for that half is still in force but the idea of last night will probably be given further trial to see how it works out.

## That Body of Yours

By James W. Barton, M.D.

"SCORPIO"

If November 12 is your birthday, the best hours for you on this date are from 9:20 a.m. to 10:30 a.m., from 3 p.m. to 4 p.m. and from 7:15 p.m. to 8:30 p.m. The danger periods are from 7:30 a.m. to 8:30 a.m. and from 1 p.m. to 2 p.m.

This November 12 would seem to have much good in store for you but this good can be gained only if you keep yourself receptive to it. Overcome any tendencies to be morose, despondent or grumpy, and seek to reflect the good and the "sunshiny" aspects of the day's

activity. You will accomplish much and your material reward will be great.

The child born on this November 12 will most probably not be one who can be reasoned with. His early steps along life's highway will not be made as a result of gentle and kindly leading. Unimaginative and stubborn, he will have to be pushed and firmly prodded. His school books will mean little to him. Physical labors will appeal.

Born on November 12, you will in all probability be characterized as a "beautiful character." By your presence alone you will bring a sense of peace and contentment to all with whom you come in contact. Yours is a gentle, kindly and simple nature. You see all that is beautiful and fine in life and seemingly without effort you rise above the sordid and dismal and dreary. Possessed of many fine qualities that seek expression, you would do splen-

dently were you to seek a career in one of the arts. Without striving directly to satisfy your material wants you will find them amply cared for.

In business, you will be noted for your fairness and impartiality and for your judicious weighing of all sides of business problems that come before you for solution. Marriage will come early in all probability, and no doubt your greatest happiness will be derived from your husband or wife and from the many dear little ones at home. The harmony of your home will be the envy of many. You will derive great satisfaction from your children.

What Today Means to You

by MARY BLAKE

CERTAIN FOODS MAY CAUSE STOMACH AND INTESTINAL SYMPTOMS

So important to health is the proper working of the stomach and intestines that in every city now are what are called gastro (stomach) intestinal specialists.

In investigating the cause of stomach disturbance these specialists make various tests on the stomach such as giving a meal of a pint of tea and a piece of toast on an empty stomach and then withdrawing the meal from the stomach by means of a tube one hour later. They are thus enabled to learn just

what has happened in so far as the digestion of the meal is concerned, the presence of bile or blood, and other findings.

Another method is to first remove any juice in the stomach by means of a tube and syringe and then give a test meal by boiling two tablespoonful of fine breakfast oatmeal in a quart of water until it boils down to a pint. This entire pint is given to the patient to drink and then about one-half ounce is withdrawn every fifteen minutes for two and a half hours or until nothing further can be withdrawn.

The specimens are then examined carefully for blood, bile and mucus.

Then there is the X-ray examination of the stomach and intestine by taking a meal which is opaque or shows black under the X-rays. This meal consists of three ounces of barium sulphate in half a pint of milk. By this means the shape of

the stomach and its filling properties can be investigated.

Just as hay fever and asthma can be caused by certain foods, so can canker sores, coated tongue, bad breath, belching, sour stomach, nausea, lack of appetite, "biliousness," pain in upper right-hand side of abdomen, constipation, abdominal pain, cramps, diarrhoea, vomiting, pain in region of appendix, all be due to a certain food or foods.

In a series of over 300 cases Dr. Anthony Bassler, New York, found that excellent foods such as wheat, eggs and milk, were to blame for one or more of the above symptoms. Spinach was the most common cause of any of the vegetables, meat and eggs less so, and nuts least of all.

The point then is that if the test meals and X-rays show no cause for symptoms, then the fact that some foods disturb some people should be remembered.
